

FOR IMMEDIATE RELEASE**MEDIA RELEASE****October 21, 2025****Tosi Appoints Jussi Posti as Chief Financial Officer***Former Microsoft Finland CFO brings technology expertise to accelerate global expansion.*

Irving, Texas / Oulu, Finland — Tosi, a leading provider of Cyber Physical Systems platforms, announced the appointment of Jussi Posti as Chief Financial Officer, effective immediately.

Posti will oversee Tosi's global financial operations and strategic planning as the company continues its rapid expansion following its recent rebrand and 70% growth in average subscription deal size.

"Jussi brings the perfect combination of Fortune 500 financial leadership and entrepreneurial expertise to guide Tosi through our next chapter of growth," said Sakari Suhonen, CEO of Tosi United States. "His experience will be invaluable as we redefine how organizations connect, protect and control their critical infrastructure."

Posti joins Tosi from Microsoft Finland, where he served as CFO for nearly five years. His previous roles include CFO at Schneider Electric Finland & the Baltics.

"Tosi's transformation to a Cyber Physical Systems platform provider represents tremendous opportunity," said Posti. "Just nine months after establishing our U.S. headquarters, we've secured the largest deals in the company's history with global enterprises and have a healthy pipeline leading into fourth quarter. I look forward to accelerating this momentum across North America."

Posti holds an M.Sc. in Engineering from Tampere University of Technology and an M.Sc. in Economics from the University of Tampere.
